

Use these labels to label your triangle-squares and blocks as you make them, so you don't have to try to figure out later what you've done! Just cut them apart and keep the appropriate label in the bag with each size of triangle units and pin one to the corner of each block as you make it. We'll be making two of each block, so you may want to print the Block labels a second time. And there's one blank label in case you need it!
